May 10 - 1746 - Letter from John Ellis to
Mr. Henry Morris in regard to Indian affairs
in So. Car.

Sir,

I am desired by the King of the Catawbas
& the whole Nation, to acquaint you with
the following particulars, viz^t - that you
signifie to his Hon^d the Gov^r that they once more
thank him for the kindly notice sent them by
you of their enemies designs upon them, which
in fact is really so, they being now encamped
within 100 miles of the Town & have solicited
the Cherokees to build a fort within their Town,
so that they may the better carry on their
projects, in order to subdue the whole Colony of
So. Car & to utterly exterminate that small
nation & to prevent the approaching danger, the
Gov of S. Car is to meet with the heads of the
Cherokee Nation at "96".

His Excellency has been so good (knowing
our present needy condition) to help us with
powder & ball, together with two pathwaracs,
that we may be able to stand the shock of
so formidable an enemy - and we desire
that his Hon^d the Gov of Va our very good
friend, will also contribute to our

assistance with the like ammunition
that we may be the better able to stand
the hunt of Peter Chater & his 500 men
and the other troops which he expects to
assist him - we expected his Honor would
have comply'd with our desires before
this time, seeing our case is so dangerous
& that there is no making a defence
without something to defend with.

I wish you well and am your humble servant
